Features and Advantages

1. Designed and approved by SABS with proper bracket.

2. Multipurpose for Class A B C fires such as combustible material, liquid and gas fire.

3. Valve with pressure relieve device. Easy read diaphragm pressure gauge.

4. Fitted with a high pressure discharge hose and discharge nozzle.

5. Competitive fire ratings.

6. Manufactured of durable high-quality thick materials.

7. Tough exterior red UV resistance powder coatings.

8. High performance EN615 approval dry chemical powder.

9. 100% helium leak detected.

10. Cylinder passed high bust pressure test of 90-100bar.
